Lakeland Deep Hex Spinner Blades and Spoons

Exclusive Deep Hex Produced by Lakeland

Deep Hex Spinner Blades and Spoons offer a unique finish that features a deep hex pattern blade or spoon, extended glow-in-the-dark base finish, and holographic film. This finish combination creates a highly reflective lure that can attract fish in various types of water or lighting conditions. The Deep Hex can easily enhance your response in providing new innovative fishing tackle alternatives.

Exclusive Lakeland Features:

- Brass Base Material
- Deep Hex Pattern
- Genuine Silver Plate
- Extended Glow-in-the-Dark Finish
- Holographic Film
- Durable Protective Coating

Available by Special Order:

- Willowleaf sizes 4 1/2, 5, 6
- Indiana Spinner Blade sizes 7, 8, 9
- Trolling Spoon sizes N2, N3, N4
- Transparent Color Finishes

At Lakeland, manufacturing the finest quality spinner blades, casting spoons and trolling spoons for the fishing tackle industry is our only business. Lakeland is one of the largest manufacturers and continues to offer more choices of size, pattern, shape, finish, paint, and custom application than any other lure component manufacturer.

Lakeland customers expect the best service in the industry and we exceed their expectations with a commitment of continued innovation. Be sure to contact Lakeland to meet your fishing tackle component needs.
